

We, Inugi,

are lifeforms that bear the closest
resemblance to Dragons, and are considered
the greatest on this planet.

We are strong and wise, possessing the
authority to rule over other lifeforms.

...That is what we believed.

However, when the hunting
started appearing, Dragons began
leaving this planet one by one.

Strength...

is but a fragment of the Dragon Pearl
that was borrowed from Dragons.

As time passed on,

There were offspring who
could not shape themselves
into hunters.

They'd forgotten
how to speak.

They'd forgotten
how to think.

And started to die
all together.

And we live in the shadows
of our former glory...

and her, along with
the passing time?

It's like they're
swimming through

These disgusting things are 「Imugi」, the same beings as me?

OK

The thing that defines the laws of gravity...

and flows like pitch-black blood...

FINAL

My "brother".

BANG!

*Even if they
are Uduk, I've never
heard of a case where a
Lyn ruthlessly kills her
own siblings!*

*There's only one
Uduk still alive...*

*How can she
be so cruel?!*

*Even if she is a
Kirin, we must punish
and reform her!*

We need to fix her!

Block off all her senses!

*Let us make it so that
she cannot think!*

Seclude her for eternity!!

Udúk retain their natural
instinct and strength, but
have almost no intelligence,
so they are easy to control.

I am aware that we were
accumulating them to create
an "army" of some sort.

...But we need
strength.

In order to

disadvantaged...

With the sacrifice
of two Kins...

the treaty was fulfilled.

Episode 10: The Dragon

There's another chance:

the final
possibility...

that there is a dragon
born unto this planet.

Why did you do it?

Dragons...

in order to
come to this planet

LONE MANGA!

I will give you
one chance!

Prove yourself!

If you are truly a
Kishi, show us what
you can do for us. Instead
of killing your brethren.

This child

may be
able to weave a new
future for us.

45 years ago, Sir,

...Because you've shown
exemplary behaviour in
completing your duties,

I bestow upon you the
name, "Kishi".

...I hope you will attempt
carry the dignity of the
knights with you...

Now, you will be going
on a mission outside the
forest borders

Stop the humans'
influence...

and record the
movements of the
Mirage Spirits.

Boring old folks.

Just say that
you're getting rid of my
brother - you're pushed
off my abilities.

Brother?

You will be doing
this with the brother who
was born with you.
